## Epilogue

"Sense in hella nonsense, you may find."

"Hella cursed nonsense, you'll also find."

— *NorCal-Yođa-Pat*

## Introduction

The poems were hella carefully unsorted.  
As the collection's order was yet aborted.  
You'll find it hella ambiguous? You sure?  
This may make 'em literally hella pure!

Good luck finding anything in this mess.  
The order is chaos; should hella impress.  
I overquantify 'hella' here and I'm tryna steer.  
Yet, later you may see it hella rarely, so no fear.

This collection mobs from depth to laughter,  
I'ma hope there's something you ain't after.  
Don't ya ask me: What is this?  
On each try, Imma hella miss!  
Now, hella similar rhyming lines are finna appear.  
Hella vibe with us, hella awesome, so come here.

This is tryna hella baffle and hella confuse.  
Some verses even may seem hella abstruse.  
This is a collection of my random muse.  
Warning: Look at the street if you cruise.

This is finna hella warn y'all and as long as you read,  
you could add cursed, cutty innuendos to your creed.  
This is hyphy and you're gonna get juiced on one.  
Reading this really hella slaps. Read on, I'm gone.

## From Brainstorming to Surrender.

I sit here, prone, in silence, to think.  
Eternally, trying to cross my inner brink.  
The edge, beyond, there's a brainwave.  
But I can't get inside my mind's safe

for that good idea, that I crave.  
Mere, but many. Tossing words. Trying to shuffle.  
Decoding the secret, the key of solving the puzzle.  
Staring onto the lock, and feeling brave.

Thinking of hope, that spark, the lock gave.  
Unlocking, opening, seeing what's inside,  
made me feel like a stubborn knave.

Now, I can say with all my blurring pride,  
Within, it's empty, but tranquil, far and wide.  
Scorching vacuum, but frozen void?! I waive.

## **Eine Reise ins Unbekannte Jenseits der Unendlichkeit**

Es würde eine Ewigkeit dauern.  
Der Versuch, hinter die endlose Leere zu reisen.  
Leere. Wo endet die Leere? Ist sie wie  
Dunkelheit? Immer da, ungreifbar, aufhellbar?  
Jenseits der Erhellung - immer noch dunkel.

Die Reise ist eine Suche.  
Die Suche nach einer Antwort.  
Wie kann man etwas endloses hinter sich lassen?  
Und vor allem: Was liegt jenseits dessen?  
Die Reise ist eine Aufgabe.

Man muss eine riesige Distanz zurücklegen.  
Und selbst wenn man dann so weit weg ist,  
inmitten des Universums, des Alls,  
des endlosen Raums,  
könnte jener keine Antwort finden.

Die Reise ist eine Suche.  
Die Suche nach einer Antwort.  
Doch war jene Frage richtig gestellt?  
Ist es notwendig, die endlose Leere zu queren?  
Man kann auch bleiben und schätzen, was man hat.

## **Zauberer.**

### **Teil 1: Mitteilung**

Ein Zauberer, der durchs Lande zieht,  
dringt eine Botschaft ganz geschwind.  
Land ein, Land aus.  
Rein und raus.

Manchmal Fluch, manchmal Segen,  
auch dieses Mal brachte er keinen Regen.  
Er verbreitete Kunde, und lieferte Sturm.  
Eilte schnell; wie Wind. Nein, ein Orkan.

Laut hörte man den Wind über die Steppe fegen.  
Eilte schnell, mit seinem Plan.  
Ritt geschwind zu einem Turm.

Eins fragte man sich beileibe, jetzt erst recht!  
War die Nachricht wirklich schlecht?  
Die Antwort wäre abzuwägen.

### **Teil 2: Magie**

Ein Zauberer, der durchs Lande zieht,  
dringt eine Botschaft ganz geschwind.  
Land ein, Land aus.  
Rein und raus.

Ohne Stab, durch Hölle und Himmel,  
querte er mit seinem Schimmel.  
Erfuhr Gutes und Schlechtes.  
Begriff die Illusion. Hatte Angst, es würde erkannt.

Stand, wie versteinert, mitten im Gewimmel.  
Fürchtet, er würde verbannt.  
Wissend: Magie ist nichts echtes.

Doch es war klar. Magie ist neu definiert.  
Es ist, was die Wissenschaft noch integriert.  
Die Antwort ist ein Fimmel.

## A Saga Untold.

In the infernal abyss of sins, the demons yell.  
I sit here alone, silent, like a phantom.  
Senselessly, trying to merge heaven and hell.  
This line seems quite random.

This verse's irrelevant. I started to chatter.  
So, I'm still sitting here, and I dwell.  
So, I stop now, goodbye, and farewell.  
And it ain't gonna get better.

Attempting to uncover a story.  
Combining words. They're starting to vary.  
Creating a verse, that's completely unnecessary.

It's just a beautiful evening, a tranquil glory.  
No legendary myth. No striking tale.  
Revealed the ridiculousness, like this epic fail.

## 30 Words Poem.

Am I not failing?  
Wrote words in a row.  
Better let that poem grow.

Stopping, there's nothing else. Words are baling.  
I only need words, not too wordy,  
Like: Thirty.

## Das Paket

Eine Box, ein Quader,  
ja, ein Kubus wird transportiert,  
mit dem Postgeschwader.  
Die Adresse war dran geschmiert.

Ein Karton mit acht Ecken,  
verschlossen mit Klebeband,  
wurde das Paket versandt  
und es fährt nun Strecken.

Wohin auch immer es nun fährt,  
der Transport hat sich bewährt.  
Wird sogar zum Ziel getragen.

Und welchen Weg es auch immer geht:  
"Es kommt fast immer zu spät!",  
war der Adressat am beklagen.

## Geburtstagsgedicht

Ich hatte mir gedacht,  
Und saß hier, wie in Hypnose,  
Ich dichte zum Anlass dann mal was.  
Fand, da reicht auch eine Rose,

Doch ich vergaß die Allergie.  
Nein, Ideenschmiede, kreiere etwas Besseres,  
Braue etwas zusammen - Alchemie.  
Schneller! Schmiede etwas Angemessenes.

Doch das Brodeln im Kolben brauchte Zeit,  
Ja, da realisierte ich es auf einen Schlag:  
Hier ein Wort, das Geschmack verleiht -  
Alles Gute zum Geburtstag.

Nimm dieses Gedicht mit Humor, als Dekoration des Geschenks.  
Trink es schön - mit einem schmackhaften Getränk.

## Wetterbericht

Der Wetterbericht ist ein Prophet,  
Ein Vorbote der Atmosphäre,  
Ach, wenn die Vorhersage nur richtig wäre.  
Tja, der Bericht ist das, was schiefgeht.

Ja, der Meteorologe wird es schon wissen,  
Er sagte: "Es wird schönes Wetter!",  
Doch dann fing es so richtig an zu pissen.  
Ja, das Wetter blieb schön beschissen.

Es sind Zufälle, die alles steuern.  
Die Veränderungen, die Wechsel des Lebens,  
Die, die Ungenauigkeit des Berichts befeuern.

Aber meistens, zu spät und vergebens,  
Werden Boten ihre Voraussagen erneuern.  
Werden wir Genauigkeit je erleben?

## Das Sieb

Was ich nicht vermied  
Ist im Hirn ein Sieb

Die die's vermeiden  
Müssen's Chaos erleiden.

Tja, mein Sieb ist ganz groß.  
Man hält mich wieder mal für hirnlos.

*Patrick Mayer, 1. Quartal 2024*

## Das Experiment

Ja, da gibts wieder ein Gesetz  
In uns'rem Theorien-Netz

Ja  $1+1=2$  und Boole ist versetzt  
Denn  $1+1=1$  meinte er entsetzt.

Die Physiker kommen - mit illegalen Schritten  
Unter denen die Mathematiker litten

Dann sind die Experimentalisten an der Reihe,  
Und da erkennt schon jeder Laie

Die Theoretiker war'n zu verkopft,  
Während Säure aus den Hahnen tropft.

Das Experiment war schon gestartet  
Alle renn mit den Hand überm Kopf zusammengeschlagen,  
Keiner der Forscher wartet  
Als sie ein paar Problemchen plagen

Und es im- und explodiert  
Ja man hats mal probiert

Und die, die sich gegen die Parameter gewehrt  
Blieben Gottseidank unversehrt

Ja wie ich vorhin schon war am sagen,  
Hat jeder Laie schon erkannt,  
Das die Profis leichtsinnsfehler plagen,  
Jetzt halt ich schon den Rand.

*Patrick Mayer, 1. Quartal 2024*

## Mücken

Mücken!  
Der Schwarm lässt keine Lücken.

Sie kommen dir auf die Schlich'  
und pieksen dich.

Das juckt dich dann...  
Oh Mann!

*Patrick Mayer, 06/29/2024*

## Eine Nacht

Es war eine Nacht,  
da bin ich aufgewacht.

Es war dunkel, ich hab die Tür verfehlt.  
Nun ich humpel, hab den Kopf gequält.

Nacht, Neumond, seh nix,  
schleich, wander, geh fix.

Blieb hängen und es tut auch weh,  
Verdammt... Auch noch am kleinen Zeh.

Was ein Witz,  
denke nix.

Immer voraus, Unebenheit, weiterhin,  
ohne Sinn, fall aufs Kinn.

Schaue hin, nehme Acht,  
völlig gegen die Wand gekracht.  
Lag da, hab gelacht.

Es war eine Nacht,  
da bin ich aufgewacht.  
Lag wieder schneller als gedacht.

*Patrick Mayer, 08/14/2024*

## Das Geschenk

Zum Geburtstag, dein Geschenk, ich bedichts,  
ist `ne große Ladung Luft, meine nichts.

Und hoffe nimmst mit offenem Herz,  
diesen kleinen Scherz.

Sie die Sonne, Erde und das Licht;  
ja, so schrieb ich das Gedicht.

Ja und mitten in meinem Wahn,  
zeigte sich der Universumsplan.

Ich schenk dir etwas in pink;  
die Farbe mit der ich dich link;  
die Farbe, in der ich und du versink.

Der Himmel ward grau;  
wir steh'n im Stau  
und sprangen dann auch noch ins Blau.

Im Stall ist des Pferdes Kot.  
Du bringst die Welt ins Lot  
und springst ins Rot.

Ja du musstest sie ausprobier'n,  
Farben studier'n,  
um den Regenbogen zu generier'n.

Ja, zum Geburtstag mag ich gratulier'n.

## Gefangen (Die Lehre Pireias)

### Krieger

Er brüllte los, ohne aber, ohne wenn  
schaut zurück: Junge, renn!  
Er sprang in den Schatten, auf ihn drauf.  
Brüllte los und schrie ein letztes Mal auf.

### Der Junge

Doch plötzlich, der Schatten erstarrt,  
Auf dem Jungen, sein Blick verharret.  
Der Junge, der rannte im Takt  
Und hatte das Artefakt!

Der Schatten voll Hass, der Schatten voll Wut  
Verfolgte den Jungen - düstere, dunkle Flut.  
Der Junge lief, rannte, hörte des Dorfes Horn,  
Spürte den Schatten, starb durch seinen Zorn.

### Der Bruder

Sein Bruder furchtlos, brutal  
Holte den Gegenstand,  
sah des Bruders Gewand,  
Unterlag des Anblicks Qual.

Rannte zurück, schaute ins Buch,  
Spürte von hinten des Schattens Fluch:  
Wie ein schwarzes, verhüllendes Tuch,  
packte ihn, durch Frevel, Hass, ohne Ruch.

Als Beute, des schattens Peiniger, blieb unerkant,  
aus der Hand des Schattens, das Artefakt entwand.  
des Schattens Fluch: Folter und Qual  
folgten ihm ins versteckte Tal.

### Der Sucher

Ein weiterer erschuf dann den Schrein,  
Und nahm damit des Bruders Pein.  
Auch der Erschaffer in seinem Schöpfungswahn,  
versehentlich damit des Bruders Leben nahm.

Der Schatten war weg, es hat den Schein.  
Vermutlich fing er den Schatten in diesem Stein.  
Doch Trauer wie Depression, ließ den Schaffer nicht allein:  
Der Schmerz war groß, der Erfolg war klein.

Der Schmerz, der Verlust, der Tod,  
Brachte etwas Ruhe und Zeit in Not.  
Schweren Herzens, völlig allein,  
überwältigte auch den Schöpfer seinen Pein,  
starb an seinen Schuldgefühlen, wie Gift im Wein.

*Patrick Mayer, 08/26/2024*

## Abstract Thoughts

The corner of trophies  
is throwing shade.

The corner of coffees:  
the way - the great.

And what if neptune  
floats through the moon?  
And if coffee was a purple flame?  
Would it be to blame?

And it was a shocking truth,  
an inner shift, a move:  
you cannot regain your youth.  
There was no sooth'.

The price goes  
to the shows  
of chasing context and sense.  
Looking, staring at it with a lens.

*Patrick Mayer, 03/26/2024*

## Train Blame

Obscene.

Wir müssen flie'n,  
aber bitte nicht auf schie'n

`Cause the train's  
most likely late  
with a bad, dark shade.  
So no gains - it rains.

*Patrick Mayer, 03/22/2024*

## Was noch?

Ensuring depths of doom.  
Was soll'n wir sonst noch tun?  
Wie wär's mit ruh'n?

*Patrick Mayer, 03/22/2024*

## Teure Technik

Silence by tranquility.  
The screen's high fidelity.  
Sapralot, der ist groß!  
Kostet aber auch ein' Haufen Moos.

*Patrick Mayer, 03/22/2024*

## **In Sicht?**

Dripping?

Slipping?

In Sicht? -

Wahrscheinlich nicht.

*Patrick Mayer, 03/22/2024*

## Sticky Syrup

A lovely syrup rain.  
Oh mann -  
klebrig, komm nicht ran.  
Words alike - bound by chain.

*Patrick Mayer, 03/22/2024*

## British Breakfast

Hash browns  
own crowns.  
Bitte schau'n's mal nach,  
was ich mit dem Gedicht verbrach.

*Patrick Mayer, 03/22/2024*

## Climbing on words

Letters, weathers  
and it shatters  
und bekletters'...  
Words are down.  
Man glaubt es kaum.

*Patrick Mayer, 03/22/2024*

## Das hat man nun davon

Theatering, tethering crucibles - going on...  
Ja, das hat man nun davon.

Frag mich nicht.  
Ich bedicht  
mein Hirn nicht.

Vacuum no space,  
inexistent ways:  
compression won...  
Ja, das hat man nun davon.

*Patrick Mayer, 03/22/2024*

## Gewichtetes Geschenk

Torturing pain  
in my vein...  
Lame, blame, same game.

Denke  
und schenke  
dies Gedicht  
mit Gewicht.

*Patrick Mayer, 03/22/2024*

## The poetry of Poesie

The poem  
is self contained.  
So show `em -  
restrained.

Going nuts!  
Jap, das hats!  
So ist's mit der Poesie;  
Zufallswort wie "Bumble Bee".

*Patrick Mayer, 03/22/2024*

## **Guter Beat**

Going big!  
Und ich nick -  
I have that beat  
für das Lied!

*Patrick Mayer, 03/22/2024*

## Moos statt Hirn

Thresher tall;  
in the hall:  
Courtesy call!

Ich renn dann mal los,  
ganz mit Moos  
und du denkst: "Maybe not."  
The brain's gone - there's hay in spot.

*Patrick Mayer, 03/22/2024*

## Zeit & Vergessen

Quirky rhymes,  
forgetting fast...  
Ist nicht meins...  
Die Uhr, die rast.

*Patrick Mayer, 03/22/2024*

## Unnütze Reime

Grumble with a bumble  
bee.  
Go `n` rumble  
und das testest du, du Genie.

Singing rhymes:  
sortier' sie um, macht Sinn keins.  
Engaging, taxing, slow auf'm Hof...  
Was glaubst denn du, bin ich doof?

*Patrick Mayer, 03/22/2024*

## Shameless Poem

In a treacherous domain,  
where there was just endless pain,  
don't be so cruel, don't be so vain:  
This poem is bathed in no shame.

While we scream so loud,  
und du wurdest verhaut,  
während der Morgen graut.

Dusty waves on some - no sense,  
weiß ich auch: ich verpenn's.

*Patrick Mayer, 03/22/2024*

## The Riddle

Irritation confuses,  
lighters and fuses.  
See the swift shift.  
Float up - on what I lift.  
You look at me trembling, shy.  
You come to me, at least you try.

Within at my deeper core,  
I'll be, might take your sore.  
I won't ignore, hate war, will restore.  
I was here before, to help, I was here for.  
I'm the one you call, ask for, I adore, open my door,  
let you in, now, with me, you see a little more.

The truth is, you never  
see me, never, forever.  
But you'll see what I do,  
it won't be what you expect,  
you'll say that can't be true.  
But you sense what I affect.

You see the truth, so smooth.  
And you try, some die, you cry..  
Sorrow, sing a dirge - you'll find ruth.  
Now guess and try - Who am I?

*Patrick Mayer, 03/28/2024*

(Grace or God's love/grace)

## Hühnchen

Was soll ich tun?  
Ich bin ein huhn,  
kann nix tun, -  
gackern, flattern, ruh'n.

So als Hühnchen,  
stehe in Blümchen,  
sind völlig echt,  
schmecken schlecht...

Wenn ich mit Flügeln schlage,  
Spaß hab, ach und bitte!  
Ich dir eine Feder schicke.  
Bleib auf'm Boden, ach wie Schade.

Renne los und der Hahn, der kräht.  
Vielleicht, weil sein Bauch grad bläht?  
Während ich Körner picke... Bauer schmäht,  
der gerade auf dem Felde mein Essen säht.

Wenn mir Wind durchs Gefieder streicht,  
fühle ich mich energetisch, völlig leicht;  
wenn dann ein Regentropfen platscht,  
hab ich zu viel mit and'ren gequatscht.

Hüpfe, flatter,  
Federn fliegen  
und ich gacker' -  
im Winde wiegen.

Die Sonne geht unter, der Hahn schläft ein,  
so geh, flatter, hüpf ich rüber: and'rer Stall!  
Und picke, klaue das Fressen vom Schwein,  
das es am Morgen sucht, es oinkt - Krawall.

Tja, man ließe mir - ich hatte die Wahl,  
auch als ich des Schweinchens Essen stahl.  
Und auf'm Pferd, reiten macht Spaß,  
deswegen beiß ich noch früher ins Gras.

War nicht metaphorisch gedacht,  
wie's Pferd, ich wollt's probieren,  
schmeckte widerlich, hab gelacht.  
Ich wollte gehen: Auf allen Vieren.

Doch die Flügel zu weich, bogen weg,  
und ich landete vollkommen im Dreck,  
und ich hatte auch noch Gewicht:  
- ähm - Schlamm im Gesicht.

Und der Hahn dann hart und roh.  
Ich sagte schnell: "Muss aufs Klo."  
Für ihn war ich wohl die Süße,  
bis ich kackte - ihm auf die Füße.

Dieses Gedicht voll Freiheit, voll Sinn,  
völlig unbedacht, frei, und außer Acht,  
konsequenzenlos, frei, nicht bedacht,  
ist der Wert, der Sinn des Gedichts,  
auch ein selten's Gesicht - Gewichts,  
auch ein und unser heut'ger Gewinn.

*Patrick Mayer, 04/03/2024*

## Der Gartenzwerg

Ein Muster - völlig elegant  
hinter einem Huhn verschand.

Auf dem Berg, ganz schön stark,  
war der Zwerg mit dem Quark.

Da kam das Muster - ein Waschbär  
und entnahm dem Zwerg, nicht fair,  
den Quark. Doch der wie erstarrt dort.  
Er blieb in Ruhe, ging niemals fort.

Denn das, das auf dem Berg  
ist ein Werk: Gartenzwerg!

*Patrick Mayer, 04/07/2024*

## Der Schuldirektor

Da kam er, der Schuldirektor  
und verschwand im Spielesektor,  
Dann eine Frau in schönem Gewand  
nahm den Joystick in die Hand.

Doch der Joystick  
machte klick.  
Und da holte er neben dem Pendel  
den Lavendel.

Er nahm ihm Gedanken und den Pein,  
sie schliefen beide auf der Couch ein.

*Patrick Mayer, 04/07/2024*

## Kartoffel-Geist

Ein Wind, ein Hauch; -  
Auf dem weg zum Gartenpool,  
nach dem Essen Kartoffel im Bauch.  
Steh' nun im Fahrstuhl.

Eine Stimme sagt: "Hör zu, bevor du rennst!"  
Es war von der Kartoffel das Gespenst!

*Patrick Mayer, 04/07/2024*

## Nudeln mit...

Hoppla, da hab' ich mich wohl vergriffen,  
als schärfe, and'res durch Mund, Nase pfeifen.

Wie gelähmt schaute ich auf's Glas...  
Wenn ich nochmal Senf statt Pesto nehme -  
Beiß ich noch ein paar Jahre früher ins Gras.  
Trank dann Milch, - ganz bequem...  
Wenigstens war das kein Lehm!

*Patrick Mayer, 04/07/2024*

## Das Schraubenorchester

Die Schrauben fielen - auf Metall, mein Bester.  
Die Schrauben musizierten im Quietschorchester.  
Nun sind in dem Regenmantel ein paar Löcher..  
Die war neu! - Noch und nöcher: och und öcher!

*Patrick Mayer, 04/07/2024*

## Dezibel (Lautstärke)

Ein kleines Geräusch, ein leises Knack,  
Ich saß, aß und jetzt zusammenpack'.  
Er lag nun da, halb, ein Zahnstocher.  
Er - er ist des Zahnrests unterjocher.

Doch dann ein Knall, die Erde bebt,  
wir krachten g'rad' gegen 'nen Planet!  
Und bevor ich euch nun enttäusch':  
Das - ja, das war ein lautes Geräusch!

*Patrick Mayer, 04/07/2024*

## Magic

Once upon a time inside a window,  
There was wind that made ink pink.  
So what was that, was it the ink?  
So what is it, what do you think?

It moves and echoes like a flow,  
It is a whisper, ancient and old.  
An ancient grin, a win for show?  
Something so pure, but not gold?

*Patrick Mayer, 04/07/2024*

## Time

In silence, inevitable, it goes.  
It moves on and mystery flows.  
Wind rushes by, on the fly. -  
A feather for show, falls so slow.

A silent echo, a breeze, a dream, a cry,  
it never stops, not us, we are the shy.  
In silence, it whizzes and eats the pause.  
I'll stop now, it would eat my next clause.

But it won't end, the clock runs out and dies.  
And still, time that runs, that moves and flies.

*Patrick Mayer, 04/07/2024*

## Keine Antwort?

Es war der Spiegel  
im Schmelztiegel.

Tja, jetzt hauen wir absolut alles in eine Pfanne...  
Tee ist besser, vielleicht doch in eine Teekanne?  
Wir sind wie Gedanken, gefangen in `ner Wanne.

Aber keine Bange, die Enge ist wie ein Knebel,  
dieser hält aber nicht, denn wir sind wie Nebel.  
Nun zähl' ich bis vier:  
Wer oder was sind wir?

*Patrick Mayer, 04/07/2024*

## Lyrisches Triptychon: Trauma & Depression

### Stuck (I)

My emotions are cold and frozen,  
Not mine anymore, they are chosen.  
I'm carved stone, stuck, still, still not myself.  
Nobody cares 'bout my petrified mental health.

I have no anchor, but a lot of inner anger - hate.  
I'm tortured, doused with concrete, hardened,  
and my thoughts spiraled down, darkened.  
Can't move, petrified, inside stone, heavy weight.

I can't break stone, even if it wasn't warded.  
Darkness - my inner hell emerged and started.  
By my emotions - by my thoughts bombarded.  
From everybody, I am unknown and discarded.

It drags me down, a shade so dark,  
eats my every flickering inner spark.  
Can barely breathe through that cage.  
Stuck and targeting myself with my rage.

Everybody punches, kicks of pieces;  
with every kick my pain increases.  
Other laugh 'cause any broken spot;  
nobody cares, seriously, thanks a lot.

Others ignore, or say they didn't see.  
I'll never break free, never ever me.  
In this treacherous domain, drained;  
a blood flood. I was here and shamed.

Take me seriously, it hurts, it does, I am in pain.  
Bleeding here until there's no blood left in my vein.  
Nothing really keeps me sane, I'm already insane.  
Locked down, left behind, petrified - held by chain.

*Patrick Mayer, 04/08/2024*

## Allein (II)

Emotionen: Sind kalt und erstarrt,  
sind betoniert, ein Klotz, geteert,  
Ganz von der Gesellschaft verzehrt.  
Der Fokus: auf das Atmen verharret.

Kraft- und energielos.  
Auf'm Meer, auf'm Floß,  
völlig allein, völlig bloß,  
Um uns Haie: riesengroß.

Wir sind grau, aus Stein.  
Fest im Gedankenkreisel:  
wir sind die Geißel, Geißel...  
von Hammer und Meisel...

Wir sind gemeißelt in Stein;  
kein eigenes Denken, nein...  
Von and'ren geformt, angepasst.  
Kein ich, zersetzt, völlig gehasst.

Ich existiere  
und wehe  
ich vergehe;  
kalt; erfriere.

*Patrick Mayer, 04/08/2024*

### Wir; Am Ende (III)

Und erst wenn wir schon in der Hölle garn,  
realisieren wir erst, wie dumm wir war'n.  
Unser Kopf, Gedankenkreis, völlig verfahr'n.  
Interessiert aber niemand, wer wir war'n...  
Wirklich niemanden - wer wir war'n...

So tranken wir die Probleme in Wein.  
Nein, auch Alkohol wird unhilfreich sein...  
Jetzt sind wir allein - wir sind allein.  
Wir schenken immer wieder ein...  
Das ist keine Lösung - fein, -  
wirklich keine Lösung, nein...  
Wir sind wie Hunde - frei, existent, rein  
und pinkeln uns ständig selbst ans Bein.

Viele Hilfen erkennen wir nicht...  
Nein, wirklich keine Hilfe in Sicht.  
Da hinten leuchtet ein helles Licht,  
laufen vorbei, dunkel, die Schicht...  
Finster ist unser eigenes Gericht.

Nein, das Urteil fällt, befreit,  
und schreit: "Umarme den Tod!"  
"Und bring' so die Welt ins Lot..."  
Auch dies geschieht zu oft in Not...  
Aber unser Gericht ist gescheit,  
es ist - ist gescheit, es befreit...

Der Kopf steckt tief fest,  
uns're Gedanken: erstarrt,  
sind nur eins, völlig verharret,  
vergiften uns; gibt uns den Rest  
- breitet sich aus - eine Pest.  
Wir sterben, wenn man uns lässt...  
den Rest... wenn man uns lässt...

Eingekerkert, eingesperrt,  
unsere Wahrnehmung, was ist mit der?  
Völlig verzerrt, völlig verzerrt.  
Wir sind innen hohl, da ist nix, völlig leer.  
Wie ihr sehen werdet,  
wir sind völlig entwertet,  
leer, völlig entwertet...

Dann kommt der intensive Hass,  
auf Menschen, sich selbst, zu krass.  
Und wir stecken das Messer in uns rein...  
Die, die uns liebten, mochten wein'...  
Wir dachten, es gäbe kein'...  
Nein, wir dachten, es gäbe kein'...  
Aufgegeben, lassen es sein.  
Nein, kein Ausweg, wirklich, nein...  
Das kann nicht jeder's Lösung sein!

Es ist ein wirklich dunkler Zyklus.  
Ja, er ist wirklich voller Stuss!  
Es gibt Hilfe! Es gibt mehr.  
Niemand allein da durch muss.  
Stell's dir vor, auch du kannst sehen:  
du musst nicht mehr allein gehen -  
Sorgen, die im Winde verwehen.  
Stell's dir vor, vor allem, wie schön das wär'!  
Zusammen durch ein schönes Leben gehen.

Doch irgendwann: es holt dich ein...  
Lass doch die Finger vom Wein!  
Auch dann sind wir nicht allein!  
Wirklich! Keine Lösung! Nein!

*Patrick Mayer, 04/07/2024*

## An meine Liebe

Schmetterlinge lernen flattern, fliegen.  
Rechts, links — das Andere — abbiegen.  
Nicht nur bei uns — auch bei denen.  
Sie tanzen, flattern im Bauch und Venen.

Wenn ich dich sehe — ums Herz —  
blühen Blumen, Blüten — wie im März —  
um mein Herz wird es warm:  
Deine Art hat den liebsten Charme.

Du bist schön, seiden, weich und zart.  
Ja, ich liebe dich: dich und deine Art.  
Deinen Charakter liebe ich ganz arg —  
deine verrückte Seite ist super — stark!

Ich kann es nicht zeigen,  
aber egal, wie es dir geht,  
da bin ich dann auch eigen —  
ein Wind mit Worten weht:

«

Ich sage es dir, bevor es niemand erfährt.  
Auch wenn es dir mal schlecht ergeht,  
bist du und deine Präsenz mir viel wert.  
Du bist toll — ich umkreise dich — Planet.

»

Dich zu haben ist so perfekt, absolut wunderbar.  
Du, mein Karöttchen, mein Schatz, bist mein Superstar.  
Ich bin froh, glücklich mit dir — ich habe dich.  
Du zeigst Freude, Liebe — du hast auch mich!

Und wenn das Gefühl runter,  
dann machst du mich munter —  
meine Welt auch deutlich bunter.  
Mit dir gehe ich niemals unter.

Danke — ich weiß, du bist für mich da.  
Und ich wusste nicht, wie mir geschah.  
Danke — dass es dich gibt und mich siehst.  
Und trotzdem bleibst, nicht vor mir fliehst.  
Danke — du gibst und hilfst mir extrem viel.  
Zu Unrecht bist du manchmal ein Ventil.  
Danke — dass du da bist, ich kann es oft nicht bekunden,  
dass ich es schätze, wegen meiner inneren Wunden —  
ja, ich hoffe, wir haben noch viele Stunden.  
Danke — dass du mich noch willst.  
Und mich nicht direkt grillst.  
Danke — du nimmst mich, wie ich bin.  
Du bist mein absoluter Hauptgewinn.

Ich finde, ich sage es viel zu selten,  
wie sehr ich dich liebe und schätze,  
ich hoffe, es fließt in diese Sätze.  
Du bist die Beste — Abstand sind Welten.

Lass uns zusammen durch die Welt gehen  
und eine neue, wirklich schöne Szene drehen.  
Für mich hat das ganz den Schein,  
zusammen Mann und Frau zu sein.

Durch dich lerne ich, nach vorn zu blicken,  
ohne dabei verdorrt, welk umzuknicken.  
Ich freue mich auf unsere Zukunft, doch das Wichtige:  
Ich will sie mit dir, denn ich weiß, du bist die Richtige.

*Patrick Mayer, 10/10/2025*

## Chaos Liebe

Wir sind super schlau — Herz, komm, tau!  
Drum werden wir dann auch Mann und Frau  
Zur Hochzeit zu spät — wir steh'n im Stau.  
Statt weiß: nehme grau, oder wie'n Pfau: blau.  
Mein Schatzi so wunderschön und Punk-Radau  
— (einatmen) wow!

*Patrick Mayer, 10/09/2025*

## Distanzierung

Ohne wenn und ohne aber,  
hör nur zu, ist nur Gelaber.  
Schiebe weg, wie 'n Schaber.  
Ja, dies' Gedicht ist makaber.

*Patrick Mayer, 09/23/2025*

## Trial

You're made to try.  
So, don't be so shy.  
Go on, don't cry.  
Others will lie. (Sigh)  
They will lie, sigh.

*Patrick Mayer, 09/25/2025*

## Siedler

Die Siedler, nicht von Catan,  
sind erneut im Weltenwahn!  
Und ich reite auf Ohnezahn?  
Jedenfalls habe ich keinen Plan.

*Patrick Mayer, 09/23/2025*

## Verspätung der Zeit

Wer hat gewählt, wer hat gewählt?  
Sodass die Uhr, ziemlich stur,  
die Zeit um eineinhalb Stunden verfehlt.

*Patrick Mayer, 09/17/2025*

## The Blubbering

The bubble in trouble,  
a sphere's cheer, steer, fear,  
developing into a tear..  
— none to steer,  
so bring me the beer 🍺.

*Patrick Mayer, 09/17/2025*

## Vermissen & Wiedersehen

Du mein Herz quälen  
— weil du so — fehlen.

Wenn du kommst und bei mir bist,  
du wieder süß mein Herz heilen  
mit deinen Aktionen, auch den geilen.  
Dies, weil mein Herz dich vermisst!

*Patrick Mayer, 09/04/2025*

## Kleine, große Schmerzen

Shampoo mit Laugen.  
Tropfen in die Augen.  
Und der kleine Zeh,  
tut auch noch weh.

Und die Birne, oh graus,  
schaltet auch noch aus.  
Und das Knie, viel zu grob,  
ich dehnte, zerrte und verzog.

Ja das Leben ist so rau,  
drum sag ich nur noch Au!  
Autsch, das tut so enorm weh,  
d'rum gib mir den Bambustee!  
Ohhhjee...

*Patrick Mayer, 09/13/2025*

## Von Form zu Masse

Ich bin 'ne Flasche  
und ich nasche.  
Lieg' wie 'ne Vase,  
auf der Straße  
mit 'ner runden Wampe  
und bald bin ich Pampe.

*Patrick Mayer, 08/24/2025*

## Psi

Symbolize a psi:  
styled lit, rooted candlelight,  
trying to flee,  
making its surroundings bright.

it shall be drawn  
on the lawn,  
on the fly,  
can you try?

If they had known,  
it is now shown,  
that psi is needed —  
in quantum bled

Then the theta  
rolled and shot  
alpha plus beta  
and a decimal dot.

*Patrick Mayer, 09/10/2025*

## Das Licht

Lauf' im Dunkeln und seh' nix g'scheit.  
Ich geh', auch der Schatten wandert weit.  
Sieh'! Dort vorn ist ein helles Licht.  
Doch das Licht? Nein - das geht nicht.

## Herr des Essens, Ring des Trinkens

Korken, die poppen in der Nacht.  
Ich wart besoffen, hab nix gedacht.

Zäune wandern, von Ents erschaffen,  
welche sich mit Saruman verkrachen.  
Sauron dunkelt in die Schwärze,  
erschafft im Schicksalsberg seine Scherze

Pumpernickel dunkel, roggen,  
Bestreut: Scharfe Chiliflocken,  
um zu Sauron zu schocken,  
meinte das Brot ganz trocken.

## **An End That Never Has Been — Osiris**

When it seems all unknown,  
when it beams - all is shown,  
and you are so freaking down,  
cause you raged with your crown,

and your soul is gonna drown,  
you see yourself with a frown,  
and you see a freaking pawn  
on a freaking flicking lawn,

and he walks in the stars - still unknown.  
Yes - the pawn moves on - has fully grown.  
It's covered by scars, but fully alive:  
at its destination, it'll never arrive.

Whenever it goes,  
whenever it sees,  
whenever it shows,  
whenever it frees,

in the stasis,  
in the oasis,  
and in your crisis -  
you see Osiris.

## Embarrassing Moment

Draw me a beer  
that has the fear  
of being drunk  
and thrown into the junk.

Once she was thrown into the lake.  
She was again awake.  
Because the lake was cold,  
Her inner brink began to unfold.

Once awake, she swam up with a smile.  
She swam up — she had some style.  
She grinned towards a tree,  
She finally was again: free.

And then she found the beer with its fear.  
It shook and fizzed, "Don't drink me, dear!"  
But she had drunk it and junked it too,  
With a smirk that said, "I'm not through with you."

And then she saw.  
She lost her bra.  
Time was moving and so fucking raw.  
'Cause she fought against the thresher maw.

When she recognized, she lost her seal.  
With pants down floating aside for real.  
Yeah, she had a very good feel.  
Then she dived and found her seal.

Then she profound,  
there was no man around,  
who had to be crowned.  
And since all could swim and nobody drowned  
Is this the end of the poem and its sound?

## Spontaneous Creativity

We're building a poem,  
crafted line by line,  
sorry people its my crime;  
you'll inscribe it in a shrine

I'm here drinking beer,  
'cause I'm a deer,  
so I gotta cheer  
with a pear?

I'm a carrot  
and no parrot,  
colorful joy,  
oh boy, oh boy...

What im writing, its so fun  
— stun — my random pun.  
It has never been intended,  
but it was done and invented.

That's my poetry, don't you see,  
give your interpretation to the tree,  
and your creativity flows to a sea,  
where the picture of nature fuels me.

*Patrick Mayer, 06/25/2025*

## A Deer

Give me an idea  
of a deer  
with a pear  
and cheer —  
mixed with beer,  
and a barrel on its rear,  
on top of the deer's bear.

*Patrick Mayer, 06/10/2025*

## Design

Design  
a rhyme,  
words to tame,  
none the same:

only the worst  
combo burst  
is to blame;  
from wherever,  
that row came,  
should have never  
been in shame.  
As is, it's a flame!  
In whose poem game?

*Patrick Mayer, 06/10/2025*

## Open For Interpretation

In power, a match:  
too wordy to catch.  
They land on a hatch,  
that'll soon detach.

In fragments, dispersed,  
a scroll, inscribed,  
all the lines coerced,  
dozens of creativity vibed.

Lame leads to death,  
lies within a lair?  
Takes a last breath,  
inhales fresh air.

Ones tragedy but atop the tomb  
the earth brought life for a shroom,  
nightly flowers brightly bloom.  
Night - the shade - sought the doom...  
Nature's light so bright, will never gloom.

Look - a fire's dance - a witches' broom.  
Look up: stars, sky with a boon.  
Look up - you'll see the cheese moon.

We're lunatics  
watching, while  
time... it ticks.  
We come in style,  
walked for a mile,  
fluid tar, it sticks.

Did you find any sense  
with your searching lens,  
if you find it, yes and hence  
you show it to me  
it is your chance,  
our pun's last dance,  
saw what it didn't mean,  
so far off, you lean:  
don't you see?

## A New Dawn

I'm a total imperfection.  
It hurts me, like an infection.  
Feeling numb, no detection.  
Imma die: No resurrection.

I'm a crystal, half pulverized,  
Blood between, I'm despised.  
The powder is blood disguised.  
Carved and cut, been incised.

Robbed of my identity: heist.  
I'm the object, lowest priced.  
Never close to being prized.  
Wounds so big, giantly sized.

Don't you dare to act surprised!  
I've been tortured and agonized!  
All I've done: I've harmonized.  
I'm frozen or rather immobilized.

You poisoned, blinded, excised me slowly.  
You dragged me down, till I sat too lowly.  
You came close and tried to kill me wholly.  
Still you act like you're a saint, pretty holy.

I'm done with you forever: I'm done!  
I won't talk. Nothing, still, silent, none.  
I went, moved on – I'm forever gone.  
I find my way, there is a new dawn.

Almost an eternity, I've waited.  
While I disappeared and I faded.  
Till I was cornered, dark shaded.  
I stopped my old way, I was jaded.

## Mord

Es gab einen Mord.  
Es war genau dort.  
Die Leiche wart fort.  
Suche am richt'gen Ort.

Es finde, es ist dicht.  
Sehe nix — kein Licht.  
Gehe über eine Schicht.  
Er wart nunmal ein Wicht.

Auf dass man ihn vermisst.  
Auf dass es wart eine List.  
Es ist mir einfach zu trist.  
Drum bin ich raus, wie ihr wisst.

## Trigger Protocol (Lyrics)

[Intro]

Keep sane.  
Boiling vein.  
Feeling pain.  
Binding chain.  
Held by shame.  
Breathe the rain.

[Chorus]

I'm acting through hate  
just because I'm afraid.  
Angst by past,  
the anger's vast.  
Sadness passed.  
I'm last. I'm a blast.

[Verse 1]

A darker shade  
Covering hate  
Emotions raid  
I'm afraid  
(great)

[Chorus]

I'm acting through hate  
just because I'm afraid.  
Angst by past,  
the anger's vast.  
Sadness passed.  
I'm last. I'm a blast.

[Verse 2]

I'm Breaking out.  
Scream so loud.  
Hate is proud.  
Then I shroud.  
(Passed out)

[Solo]

[Bridge]

Des-scen-ding

Pre-ten-ding

No venting.

Pre-sen-ting

(Brain-Control: loss

Bloodshed: gross)

[Chorus]

I'm acting through hate

just because I'm afraid.

Angst by past,

the anger's vast.

Sadness passed.

I'm last. I'm a blast.

## Forsaken (Lyrics)

[Verse 1]

I'm in this space, forsaken  
where memories awaken  
and no matter how hard I try  
mood swings shift dark, I cry.

[Chorus]

Again and again the truth shakes  
as my world disperses - breaks.  
Everything seems fine, pulsing vein,  
memory flashes, it strikes then pain.

[Verse 2]

Thought i heard you but no one's there,  
then time continues, again I'm aware,  
then the inner pressure, and it tries  
to break the inner door, so it pries.

[Chorus]

Again and again the truth shakes  
as my world disperses - breaks.  
Everything seems fine, pulsing vein,  
memory flashes, it strikes then pain.

[Verse 3]

Emotions covered by a veil,  
buried beneath a heavy sail,  
then locked in by another seal,  
undampened, it's far too much to feel,  
but locked in, there's no chance to heal,  
it can't be real - it's all too real.

[Bridge]

Hearing whispers unaware,  
then it hurts, so much despair,  
when i come home to our lair:  
memories creep through the air.

[Chorus]

Again and again the truth shakes  
as my world disperses - breaks.  
Everything seems fine, pulsing vein,  
memory flashes, it strikes then pain.

the floor's falling apart  
it's nothing, stuck, no feel'

(verse 2)

seems beyond truth  
in a floorless booth  
free fall into the void  
our truth is destroyed  
emotions are erased  
every word misplaced

(chorus)

It's the curse of shock,  
a state of fate - its mock  
its really off the chart  
the floor's falling apart

it's nothing, stuck, no feel'

(verse 3)

it pulls the crumbling floor  
i stand on, wounds my core  
it doesn't reach me like before  
mind is off, so no restore  
a wound too big to ignore  
the floor's full of gore.

(bridge)

destiny's an emperor  
can't move no more  
fate is a harsh bully  
timed to kill us fully  
so we'll get a knock  
and fall off the dock

(chorus)

It's the curse of shock,  
a state of fate - its mock  
its really off the chart  
the floor's falling apart

black, mist  
shadow, wisp  
dark shades  
light fades

foggy lair  
just despair

unaware stare

limp flowers bloom

(verse 2)

withering within  
a bashful grin  
the ice is thin  
no way, no win

we are in gloom  
you'll see our doom  
we'll lie in a tomb  
limp flowers bloom

(verse 3)

soul's so shattered

we'll lie in a tomb  
limp flowers bloom

## Phoenix (Lyrics)

(Intro)

I'm done

I'm gone

burned in the sun

told you: run

first you stun

shot by a gun

(Chorus)

reignite the flame

burned my shame

got your blame

it'll be the same

(Post-Chorus)

ignite and burn to dust

no trust, just thrust

(Verse 1)

be a Phoenix and rise

from debris and ashes

screaming, burning cries

memory burns, my mind crashes

my inner hell flashes

'til my brain dashes

(me)

(Chorus)

reignite the flame

burned my shame

got your blame

it'll be the same

(Post-Chorus)

ignite and burn to dust

no trust, just thrust

(Verse 2)

it comes down

lost your crown

feel shade, feel that hate  
it'll be too late, gonna fade  
– great – so to say  
no other way

(Bridge)  
but then we'll rise above it all  
no wall is too tall  
just lose that crown  
and burn it all down

(Chorus)  
reignite the flame  
burned my shame  
got your blame  
it'll be the same

(Post-Chorus)  
ignite and burn to dust  
no trust, just thrust

(Verse 3)  
stumbling through the dark  
where I went, I leave a mark  
tense your arcs  
shoot my sparks  
crushed to dust – so to say  
blown by a burst of wind away

(Chorus)  
reignite the flame  
burned my shame  
got your blame  
it'll be the same

(Post-Chorus)  
ignite and burn to dust  
no trust, just thrust

(Post-Chorus)  
ignite and burn to dust  
no trust, just thrust

## **Doubt (Lyrics)**

[Intro]

[Pre-Chorus]

I'm not entirely sure  
If that's poison or cure  
So beautifully pure  
That it'll kill us for sure

[Verse 1]

Even the moon  
Gains no boon  
Even Saturn  
Doesn't burn

[Pre-Chorus]

I'm not entirely sure  
If that's poison or cure  
So beautifully pure  
That it'll kill us for sure

[Chorus]

Wavy times  
Awkward crimes  
Strangest shrines  
Poisonous wines

[Verse 2]

Dive deep  
Hands sweep  
Awkward creep  
In too deep  
Gonna peep?  
All too cheap  
Hand's hit, weep

[Solo]

[Pre-Chorus]

I'm not entirely sure

If that's poison or cure  
So beautifully pure  
That it'll kill us for sure

[Chorus]  
Wavy times  
Awkward crimes  
Strangest shrines  
Poisonous wines

[Outro]

## Recursive Spiral (Lyrics)

[Verse 1]

This is a poem—of a poem—that's trying  
To capture the shape of its own soul flying.  
It speaks of a poem, humble and true,  
That wonders what words alone can do.

[Chorus]

A poem of a poem, a mirror's gleam,  
Chasing the light of a vanished dream.  
Not meant to solve, but made to feel—  
A fragile truth that learns to heal.

[Verse 2]

That second poem, within this shell,  
Knows metaphors as both cage and spell.  
It talks of itself with a bashful grin,  
A spiral of verses looping within.  
A poem of a poem—a mirror's gleam—  
Reflecting the pulse of an unseen dream.

[Bridge 1]

I read a verse that bent through thought,  
A poem of a poem the first one caught.  
A nesting doll of ink, knowing it's a game,  
Each verse repeating, not quite the same.

[Chorus 2]

A poem of a poem, a shadowed gleam,  
Still chasing down that first pure dream.  
Through layers deep where thoughts entwine,  
It hums a thread through fragile time.

[Verse 3]

Now here I stand, the echo's heir,  
Writing of writing that wrote of air.  
Yet here I sit, a whispered trace,  
Charting steps through recursive space.  
A faint reflection, dimly lit,  
Of something grand—and shy of it.

## [Verse 4]

The third once traced a spiral's song,  
Now I just drift its drift along.  
I speak of speaking, dim and still,  
Of hands that reach but never will.

## [Bridge 2]

Now I sing of songs that sang of air,  
A ghost of rhythm drifting there.  
A thought that watched a thought go by,  
In mirrored lines that don't ask why.

## [Chorus 2]

A poem of a poem, a shadowed gleam,  
Still chasing down that first pure dream.  
Through layers deep where thoughts entwine,  
It hums a thread through fragile time.

## [Verse 5]

It speaks of ghosts who sang of ghosts,  
Of vanished thoughts and vanished hosts.  
It knows it adds no shining stone,  
Just hums where older songs have flown.  
And even here, where meaning thins,  
The ache of art, somehow, begins.

## [Bridge 3]

The final spark, a fading tide,  
Where deeper voices used to hide.  
Still it hums, though faint and slow,  
A last refrain from long ago.

## [Chorus 3]

A poem of a poem, a dream once cast,  
That fades but somehow still will last.  
A quiet fold, the echo's heir,  
Still poetry, thin as the air.

## [Verse 6]

What have we done, with layers deep,  
Where poems dream and poems sleep?  
For nonsense walks with reason's hand,

Through shifting lines we misunderstand.  
Is this a joke the soul once played,  
A trick of thought the mind obeyed?  
But down the halls of echo's game,  
Each rhyme forgets from whence it came.

[Chorus 3]

A poem of a poem, a dream once cast,  
That fades but somehow still will last.  
A quiet fold, the echo's heir,  
Still poetry, thin as the air.

[Outro]

So let this poem end—or not—  
A knot of meaning, loosely caught.  
A spiral song, absurd, immense—  
Where nonsense births a deeper sense.

[Chorus 3]

A poem of a poem, a dream once cast,  
That fades but somehow still will last.  
A quiet fold, the echo's heir,  
Still poetry, thin as the air.

## Lyrisches Rätsel 1 (3)

Ich bin und gehe.  
Ich rinn und stehe,  
auf Zinn und flehe.  
Ehe ein wind wehe.

Minimalistisch meint der Gradient.  
Epsilon schreit und rennt:  
Delta hat sein' Part verpennt.  
Im Horizont, eine weite Sicht.  
Eine Welle strahlt, meine Licht.

Auf Wasser ganz Munter,  
manchmal flüssig, gehe unter.  
Manchmal minimalistisch,  
je nach sicht, ein wert ist klein:  
Was kann ich denn nur sein?

*Patrick Mayer, 9/13/2025*

## Lyrisches Rätsel 2 (4)

Ich gehe hier und stehe dort.  
Schaust du hin, dann bin ich fort.

Ich wanke, wackel, schwinge.  
Ich tanze, schanze, singe.

Doch bin ich fort suchst du mich  
und bin ich da, siehst du's nich'  
und ich dann von deiner seite wich.

Und an meiner Kante mit aller Würze;  
man nur noch tiefer ins tief stürze.

Entdeckst du mich bist du wirt  
und dann sind wir schnell verwirrt.

Wie ein Quirl ich drehe mich.  
Und dann lass ich dich im Stich.  
auf mich ist kein Verlass, bin mal da, mal nich'.  
Antworte nun: was bin ich?

*Patrick Mayer, 9/13/2025*

## Lyrisches Rätsel 3 (5)

Ich war, du bist.  
Ich weiß, du vergisst.  
Ich bin und du misst.  
Ich werde, du warst.  
Ich geh', du sparst.  
Ich sehe, du haarst.

Wenn ich hätte gegangen können sein,  
lässt du dich aufs verwirrende Futur ein.  
Wenn ich gegangen und gewesen bin,  
macht das ganze immer noch Sinn.

Wenn ich werde, warst du schon,  
ich auch nehme deinen Lohn  
und doch: ehe du es vergisst.  
Willst du wissen, was du bist?  
Ich will sehen mein Gewinn  
und auch wissen, wer ich bin.

*Patrick Mayer, 9/13/2025*

## **Lyrisches Rätsel 4 (6)**

Kontur meinte stur:

Ich bin pur,

bis ich wich.

Was bin ich?

*Patrick Mayer, 9/13/2025*

## Lyrisches Rätsel 5 (7)

Ich bin mal hier und auch mal dort.  
Schaust du mich an — bin ich fort.  
Berührst du mich — fühl ich tief,

Bebe, zitter und hänge schief.  
Verdecke mich — verstecke mich.  
Sieht man mich — vergreift man sich.  
Denke an dich — was bin ich?

*Patrick Mayer, 12/9/2025*

## Lyrisches Rätsel 6 (8)

Elegant,  
komm ich angrannt,  
als ich dich empfand.  
wie ein schönes, festes Band.  
hältst die meisten Krisen stand.  
zieht auch immer zwei an Land.

Gehst du, such ich dich.  
frag ich nun: was bin ich?

*Patrick Mayer, 12/31/2025*

## Is & Existence

What is "is". if "is" is no more.  
Around the core  
a weakened spore.  
At the store  
before  
the sore  
is the lore.  
Clashing at the shore,  
were you swore,  
vanishing in gore.  
Is "is" to ignore?

*Patrick Mayer, 12/31/2025*

## Auf Nimmerwiedersehen

Ich wünsch' dir alles G'scheite  
— und jetzt such's Weite!

*Patrick Mayer, 11/14/2025*

## Break Through Trauma

I am the lost and silent, forsaken,  
sleeping in void, alert, fully shaken.  
You come, see and try to awaken.  
Never asleep, you've been mistaken.

I drown in responses, never doubt.  
Overloading, boiling, fading out.  
Misty, veiled in fog, like a shroud.  
I'm gone forever: Aren't you proud?  
Sorry, that I said that: Thought out loud.  
Never scout: Moving onto a new route.

Why shouldn't I scout? It's been immense.  
That's why I'm gone: It's been too intense.  
You poured my blood out. It's my defence.  
You almost killed me: your common sense.  
Searching my terrain building and hence:  
Finding my boundary, building my fence.

Been traumatized again by toxic behavior.  
You seemed like a saint, like a real savior.  
And I ran like always, response was passivity:  
Going numb, sleepwalked back to creativity.

You poisoned my soul, I burned me down.  
So I'll never ever give in and I won't drown.  
Reigniting my soul and healing from your crime.  
See the sun rise in the horizon: Towards I climb.

Can't be stuck forever, freeing myself, finding health  
Not yet seeing it – but I'll find my worth and wealth.  
Still the past creeps through and attacks with stealth.

Yet, I'm still building my bastion.  
No need to ask why: No question.  
Liquifying my mental congestion.

This is the, and my confession.  
Try to stop the inner aggression.

*Patrick Mayer, 02/28/2026*

## **The World of Mental Health**

There is a world that is different from ours.

If one distinguishes between good and evil or heaven and hell,  
the inferno is not a burning existence like the inhabited planets.

It is a place of darkness that engulfs the light,  
draws it into darkness, and extinguishes it,  
so that no one will see glimmers of light there.

Our world knows the lights, and therefore the shadows.

Do not forget:

Where there is no light, there is no shadow.

If neither exists, however, the purest, infinity darkness dominates.

With it, every shining spark fights for the brightness.

Alone, no little spark will get far before it perishes.

Together those sparks are one flame, one fire, one blade of light.

The polymorphism of the species distinguished by all dimensions, worlds, and  
biomes is vast.

To incinerate those cold-blooded species will need love.

They need to start adoring each other in the charity style.

Go and search for astroblemes,  
for there may be great loot hidden.

Be careful: an ancient odious shadow of the remnant lays obstacles on the path.  
He narrows you down.

You are going to be a bastion if you succeed.

There is a paucity of sense.

You need more evidence that there are ostensible actions by the convicted council.

## Numb Cry

Pain hurts too much,  
tossed off the crutch.  
Down here and now I lie,  
everlasting a numb cry.

I don't feel, I'm not here,  
Tears roll, cannot fear.  
The uncontrollable flow,  
no last feeling to show.

Stuck eyes, fixed, staring.  
Responselessness' daring.  
My sight first unsharpened, darkened,  
Watching me from aside — hardened.

From so high,  
I will drop — fly.  
On the ground,  
— so profound.

I have awaited,  
a sophisticated;  
floorless downgraded;  
black mist shaded.  
I'm completely hated.

I'm so stressed

my own pest.

## A New Dawn (Lyrics Version)

[Verse 1]

I'm a total imperfection.  
It hurts me, like an infection.  
Feeling numb, no detection.  
Imma die: No resurrection.

[Verse 2]

I'm a crystal, half pulverized,  
Blood between, I'm despised.  
The powder is blood disguised.  
Carved and cut, been incised.

[Verse 3]

Robbed of my identity: heist.  
I'm the object, lowest priced.  
Never close to being prized.  
Wounds so big, giantly sized.

[Bridge]

Don't you dare to act surprised!  
I've been tortured and agonized!  
All I've done: I've harmonized.  
I'm frozen or rather immobilized.

[Pre-Chorus]

You poisoned, blinded, excised me slowly.  
You dragged me down, till I sat too lowly.  
You came close and tried to kill me wholly.  
Still you act like you're a saint, pretty holy.

[Chorus]

I'm done with you forever: I'm done!  
I won't talk. Nothing, still, silent, none.  
I went, moved on – I'm forever gone.  
I find my way, there is a new dawn.

[Verse 4]

Almost an eternity, I've waited.  
While I disappeared and I faded.

Till I was cornered, dark shaded.  
I stopped my old way, I was jaded.

## **Break Through Trauma (Lyrics Version)**

[Verse 1]

I am the lost and silent, forsaken,  
sleeping in void, alert, fully shaken.  
You come, see and try to awaken.  
Never asleep, you've been mistaken.

[Verse 2]

I drown in responses, never doubt.  
Overloading, boiling, fading out.  
Misty, veiled in fog, like a shroud.  
I'm gone forever: Aren't you proud?  
Sorry, that I said that: Thought out loud.  
Never scout: Moving onto a new route.

[Bridge 1]

Why shouldn't I scout? It's been immense.  
That's why I'm gone: It's been too intense.  
You poured my blood out. It's my defence.  
You almost killed me: your common sense.  
Searching my terrain building and hence:  
Finding my boundary, building my fence.

[Verse 3]

Been traumatized again by toxic behavior.  
You seemed like a saint, like a real savior.  
And I ran like always, response was passivity:  
Going numb, sleepwalked back to creativity.

[Pre-Chorus]

You poisoned my soul, I burned me down.  
So I'll never ever give in and I won't drown.  
Reigniting my soul and healing from your crime.  
See the sun rise in the horizon: Towards I climb.

[Chorus]

Can't be stuck forever, freeing myself, finding health  
Not yet seeing it – but I'll find my worth and wealth.  
Still the past creeps through and attacks with stealth.

[Bridge 2]

Yet, I'm still building my bastion.  
No need to ask why: No question.  
Liquifying my mental congestion.

[Outro]

This is the, and my confession.  
Try to stop the inner aggression.

## Transitional State

I am a limp, fouling leaf  
within a storm, fully torn.  
I'm corroded by my deep grief.  
Surrounded with lies and scorn.

For a new dawn, I bloom limply,  
like a pine cone, seeding simply.  
By the storm I was uprooted, swirling,  
I'm the seed, I grow, dropping curling.

Until I've grown rooted, lasting like a tree,  
Until a stable log lasts the storm and I see,  
That the night shifted darkly, but after it is gone:  
Everlasting, blooming like a daisy in a new dawn.

## Marble of Earth

Visually dipped in translucent blue, looks like earth's water,  
White-blueish stripes like clouds, meaning earth's daughter.  
The stripes are circling around the marble, hence a ball.  
Its ability to stand is marvellous, shining, it's not to stall.

Its smoothness, its glossiness, like a sphere, almost.  
Memories come, roll on, serving as a memory's host.  
It's here. It's speaking in emotion and the positive it sends,  
Nothing bad connected. She gifted it to me and me, it mends.

You've loved, you have written my life's prequel.  
You showed me once that there are good people.  
You have stayed, you have made me feel secure,  
always wanted me with you, your love was pure.

It has been hidden for decades and so profound.  
I was happy about the lost marble, I had found.  
Influencing me, you gave me reason to believe  
to look forward too – I've got a life to retrieve.

It helps me out and I will cheer  
with and to my lovely little sphere.  
It helps me out and reduces fear,  
finding my future towards I steer.

Your marble is here and still sticks with me,  
it makes me feel rooted, no reason to flee.  
It transmits strength, it does no miracle's work.  
It just helps in finding my strength, it's my perk.

## Death Meets Life (Lyrics)

[Verse 1]

I want to grow, I can't, still , I cry;  
death of me, the ground's too dry.  
I'm not worth a grave, rotting, I lie.

[Pre-Chorus]

It is the nature of death, still life it gives,  
A corpse lies, feeding a shroom that lives.

[Chorus]

I'm down, but I'll take a breath,  
where life meets death.  
I'm moving on and I'll drive,  
where death meets life.

[Post-Chorus]

I'll strive, let me thrive,  
when I'll get back to life.

[Verse 2]

For some it is time to say bye.  
A child is born, go on, say hi.  
It's the cycle some are gone.  
It continues; until a new dawn.

[Chorus]

I'm down, but I'll take a breath,  
where life meets death.  
I'm moving on and I'll drive,  
where death meets life.

[Post-Chorus]

I'll strive, let me thrive,  
when I'll get back to life.

[Solo]

[Bridge]

If you're a plant, water yourself, be alive.  
If the world is toxic, then learn to survive.

[Pre-Chorus]

It is the nature of death, still life it gives,  
A corpse lies, feeding a shroom that lives.

[Chorus]

I'm down, but I'll take a breath,  
where life meets death.  
I'm moving on and I'll drive,

## Ashes and Scree (Lyrics)

[Verse 1]

Crumbled our existence,  
dispersed in a distance,  
Vanquished, burning towns,  
Grime, ash, flaming crowns.

[Post-Chorus]

You see? Thus  
you judged us.  
Concuss thus  
you judged us.

[Verse 2]

Stuck inside that rubble.  
Keeping alive is trouble.  
Bleeding, hurt, hobble.  
Falling onto cobble.

[Chorus]

Ashes and scree,  
the rest is debris  
Got nowhere left to flee.  
I'm not free, I can't see.

[Post-Chorus]

You see? Thus  
you judged us.  
Concuss thus  
you judged us.

[Solo]

[Verse 3]

Ashes and rubble,  
you were only trouble.  
You left me to bleed.  
You took what I need.

[Bridge]

You took this too far,

you're leaving a scar.  
Leaving me no doubt,  
I'll take the way out.

[Chorus]  
Ashes and scree,  
the rest is debris  
Got nowhere left to flee.  
I'm not free, I can't see.

[Post-Chorus]  
You see? Thus  
you judged us.  
Concuss thus  
you judged us.

## Death Awaits (Lyrics)

[Verse 1]

Limp and rotting clover.  
Life is inevitably over.  
You were dying, grabbed.  
The dead angle – stabbed.

[Chorus]

Death awaits you all,  
stand tall – or crawl;  
any direction – perish;  
no resurrection – cherish;  
Gloom becomes doom – bearish;  
Dancing in limply bloom – garish.

[Verse 2]

You're the grave's demand,  
that's where you're banned.  
The time your life's spanned,  
In earth's land, you strand.

[Chorus]

Death awaits you all,  
stand tall – or crawl;  
any direction – perish;  
no resurrection – cherish;  
Gloom becomes doom – bearish;  
Dancing in limply bloom – garish.

[Solo]

[Bridge]

Your whole life meant you will die,  
Cannot stop that, even if you try.

[Chorus]

Death awaits you all,  
stand tall – or crawl;  
any direction – perish;  
no resurrection – cherish;

Gloom becomes doom – bearish;  
Dancing in limply bloom – garish.

[Outro]

Death awaits you all,  
stand tall – or crawl;

## Cursed Throne (Lyrics)

[Verse 1]

Fare well to heights where shadows call,  
Where shadows linger, where monsters crawl.  
Let the fire grow,  
I can't let it go.  
A tide of fury, wild and raw,  
I am the lost, I am the flaw.

[Chorus]

Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Verse 2]

Far from peace, the silence cries,  
A wound that aches, where anger lies.  
I am silent, broke and prone,  
I'm alone, I'm alone.

[Chorus]

Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Chorus]

Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Verse 3]

Bound to pain, to end less night,  
Lost in fractures, the monsters bite,  
The depths pull me, fierce and cold,  
I fall apart, it takes my hold.

[Bridge]

Each breath I take, a hollowed grave,

Bound to fury, I am its slave.  
A mace of scars, a place for each,  
Where my inner monsters siege.

[Chorus]  
Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Chorus]  
Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Verse 4]  
Beneath the ash, beneath the stone,  
I am a demon, I am alone.  
A storm of ruin, fierce and wild  
Both prisoner and poisoned child.

[Chorus]  
Oh, cursed throne, drenched in lies,  
Rage ignites and never dies.  
Pulled to depths where echoes call,  
ghostly whispers: monsters sprawl.

[Verse 5]  
Oh twisted fire, my blood runs cold,  
Bound by chains I can't hold.  
Dragged to depths where shadows wake,  
I am cursed, it aches, I break.  
Fare well to peace, fare well to light,  
In rage and ruin, I burn tonight.

[Outro]  
I'm consumed,  
I'm the doomed.

## Alone (Lyrics)

[Verse 1]

I am in a space – huge and vast.  
Nobody's here, it seems, I'm last.  
I'm here and the last one in space,  
Everyone is gone – without a trace.  
This place is broader than the ocean,  
Nobody's here, no matter my motion.

[Pre-Chorus]

In silence and forgotten,  
Decaying until I'm rotten.

[Chorus]

Walking – every step's a stake.  
Swallows me and my feet ache.  
Rotten wood beneath will break.  
Before I fall – my world will shake  
(Another quake, another shake)

[Verse 2]

An awkward silence, uneasy tranquility,  
It's dark, I can't see, it took that ability.  
I make a fire, try to illuminate so bright,  
The dark stays close, it engulfs the light.

[Pre-Chorus]

In silence and forgotten,  
Decaying until I'm rotten.

[Chorus]

Walking – every step's a stake.  
Swallows me and my feet ache.  
Rotten wood beneath will break.  
Before I fall – my world will shake  
(Another quake, another shake)

[Bridge]

It drained my energy, took my power,  
Stealthily, it crawled close to devour.  
I'm adrift on a dark ocean on a raft.

Within a storm on my breaking craft.  
A swarm of giant sharks approach,  
The circle, the raft, waits to encroach.

[Pre-Chorus]  
In silence and forgotten,  
Decaying until I'm rotten.

[Chorus]  
Walking – every step's a stake.  
Swallows me and my feet ache.  
Rotten wood beneath will break.  
Before I fall – my world will shake  
(Another quake, another shake)

## Break (Lyrics)

[Intro]

You tortured me, you broke me down,  
Forced me to bow, you're the crown.

[Pre-Chorus]

I cannot take it anymore.  
See my gore upon the floor.  
You just act like a whore.  
I can't sweep the stakes,  
as my whole world shakes.

[Chorus]

I crack, you quake,  
I lack, you wake,  
See my sake, I flake.  
I'll ache until I break.

[Verse 1]

You dropped me deep in the sea,  
I flail, can't swim, cannot you see.  
You let me drown in lies, can't flee.  
You put your poison into the water,  
You decide on life, you slaughter.  
Acting like you're death's daughter.

[Pre-Chorus]

I cannot take it anymore.  
See my gore upon the floor.  
You just act like a whore.  
I can't sweep the stakes,  
as my whole world shakes.

[Chorus]

I crack, you quake,  
I lack, you wake,  
See my sake, I flake.  
I'll ache until I break.

[Bridge]

You tortured me, you broke me down,  
Forced me to bow, you're the crown.

[Pre-Chorus]

I cannot take it anymore.  
See my gore upon the floor.  
You just act like a whore.

## Scored And Stored

I am so bored...  
That must be scored.  
Creating a scoreboard,  
adding an integer hoard:  
lying around to be stored;  
crossing table to be scored.  
And that just because, my lord,  
yeah, cause I was freaking bored.

## The Whispers In The Shadow

[Verse 1]

The whispers in the shadow  
In silence, sneaking, unseen,  
Whispering, but they're mean,  
Losing control, – scream!

[Pre-Chorus]

Ohh, you never see them coming,  
Those words are spiteful: cunning!  
The whispers echo proud!  
Come back to you aloud!

[Chorus]

The words are in the echo,  
The words in the shadow.  
Those words leave you in fright,  
Do not let yourself blight.

[Verse 2]

Many lies are echoing,  
Creeping and shadowing,  
Secretly, burying the truth!  
They hurt, there's no sooth'!

[Pre-Chorus]

Ohh, you never see them coming,  
Those words are spiteful: cunning!  
The whispers echo proud!  
Come back to you aloud!

[Chorus]

The words are in the echo,  
The words in the shadow.  
Those words leave you in fright,  
Do not let yourself blight.

[Verse 3]

They will rise your hate,  
Go on, don't be afraid

of the darkest shade.  
That's a raid.

[Bridge]  
Just go, be better, don't be spiteful,  
If you're rightful, do not be frightful.

[Pre-Chorus]  
Ohh, you never see them coming,  
Those words are spiteful: cunning!  
The whispers echo proud!  
Come back to you aloud!

[Chorus]  
The words are in the echo,  
The words in the shadow.  
Those words leave you in fright,  
Do not let yourself blight.

## Loss Tribute

Ring the bell,  
pretty well.  
Ancestors' hall  
and you will fall.

You pay your sin.  
I wither within.  
I strand alone,  
washed up prone.

Lost and buried deep below,  
atop the tombstone for show.  
I got the death message and I fell,  
broke down in a hospital, no farewell.

She got buried, I don't know where.  
Life is brutal and never ever fair.  
She's far away, out of reach.  
See my inner turmoil siege.

I do miss you so much, forever.  
I try to go on, try to endeavor.  
She's dead. You're never coming back.  
That's one reason why I do wear black.

Where are you now, hopefully it's the best.  
You were the best, I think you are blessed.  
It's grief, I miss you, my wife in case.  
Hopefully, now you're in a better place.

Still, I'm sitting here, searching for a team player.  
Still, I'm sitting, hoping god listens to my prayers.

## Homeless

I'm alone, I don't have a home,  
so I'm free and have to roam.

*Patrick Mayer, 03/17/2026*

## Pumpernickel

Und das dunkle, weiche Pumpernickel Brot  
bringt, wie Silikon, Obst, das Gemüse ins Lot?

Ich schlitter rein und wieder raus;  
doch nicht sexuell. Raus, oh Graus.

*Patrick Mayer, 04/01/2026*

## Everlasting Boredom

I am bored, everlasting,  
the eternity is casting,  
and life booms, blasting.  
Yes — I'm always fasting.

*Patrick Mayer, 03/20/2026*

## Tech

Use that floppy disk,  
but at your own risk.

Better use a CD  
and drink tea.

Drown it in water –  
cruel tech slaughter.

*Patrick Mayer, 05/19/2026*

## Traumatic Brain

Yea my traumatic brain  
always expects pain,

or being neglected

and for doom selected.

## Trunken

Es ist so hot,  
der – so flott.  
Ohne Frau wiederum nicht,  
deswegen bin ich bald dicht.

Jemand sprach: »Es werde Licht.«  
Er stolperte, fand den Schalter nicht.

Machen fällt das Saufen wirklich schwer,  
was wär nur, wenn ich einer von denen wär.  
Derweil neben mir im Fass  
gärt das Bier – welch ein Spaß.

Ich lege mich unter den Zapfen schön,  
so viel Bier – ich werd mich dran gewöhn'.  
Drum gehen wir zum Whisky hin,  
und kurz d'rauf war er weg, der Sinn.

Ich werde den Abend genießen und leben,  
der Körper darf morgen Einspruch erheben.  
Drum gehn wir morgen früh gleich wieder hin,  
dann sind die Beschwerden weg – Simsalabim.

Und bevor du bist am Lachen:  
Sei schlau – nicht nachmachen.

## Hella (Introduction Lyrics Version)

[Verse 1]

The phrases were hella carefully unsorted.  
As the collection's order was yet aborted.  
You'll find it hella ambiguous? You sure?  
This may make 'em literally hella pure!

[Chorus]

This is tryna hella baffle and hella confuse.  
Some verses even may seem hella abstruse.  
This is a collection of my random muse.  
Warning: Look at the street if you cruise.

[Verse 2]

Good luck finding anything in this mess.  
The order is chaos; should hella impress.  
I overquantify 'hella' here and I'm tryna steer.  
Yet, later you may see it hella rarely, so no fear.  
You'll find it hella ambiguous? You sure?  
This may make 'em literally hella pure!

[Chorus]

This is tryna hella baffle and hella confuse.  
Some verses even may seem hella abstruse.  
This is a collection of my random muse.  
Warning: Look at the street if you cruise.

[Verse 3]

This collection mobs from depth to laughter,  
Imma hope there's something you ain't after.  
Don't ya ask me: What is this?  
On each try, Imma hella miss!  
I overquantify 'hella' here and I'm tryna steer.  
Yet, later you may see it hella rarely, so no fear.  
Now, hella similar rhyming lines are finna appear.  
Hella vibe with us, hella awesome, so come here.

[Chorus]

This is tryna hella baffle and hella confuse.  
Some verses even may seem hella abstruse.  
This is a collection of my random muse.  
Warning: Look at the street if you cruise.

[Verse 4]

This is finna hella warn y'all and as long as you read,  
you could add cursed, cutty innuendos to your creed.  
This is hyphy and you're gonna get juiced on one.  
Singing this really hella slaps. Sing on, I'm gone.

[Chorus]

This is tryna hella baffle and hella confuse.  
Some verses even may seem hella abstruse.  
This is a collection of my random muse.  
Warning: Look at the street if you cruise.

You've got something hella soft tender,  
we produce send and return to sender.

[Chorus]  
Welp, this is our horny song (and)  
every fuckin thing sounds wrong.  
But it feels so fuckin right;

## Love is Pain

[Verse 1]

My heart was stone.  
I'm here wholly alone.  
I completely dried out, dispersing like sand,  
I'm dying inside, I'm who I can never stand.  
If ya could see my soul, it's irreversibly shattered.  
Slippin' through, I never mattered, I'm scattered.

[Pre-Chorus]

I can't trust nor be loved, only ache,  
life and love are torturing me til I break.

[Chorus]

It's drivin' me hella insane  
to know love is fuckin' pain.  
There's nothing to gain.  
Suffocating in the rain.

[Post-Chorus]

I stare in the mirror, no change, I'm still me  
Look into my eyes, thrill me – I mean kill me.

[Verse 2]

God-forsaken, still dunno why I exist.  
Deciding to end me, I slit my wrist.  
Or consume poison without any doubt.  
Emotionally in pain, joy's in drought.  
Chained and bound in hellfire, never to die.  
Not even God cares – he could hear my cry.

[Pre-Chorus]

I can't trust nor be loved, only ache,  
life and love are torturing me til I break.

[Chorus]

It's drivin' me hella insane  
to know love is fuckin' pain.  
There's nothing to gain.  
Suffocating in the rain.

[Post-Chorus]

I stare in the mirror, no change, I'm still me  
Look into my eyes, thrill me – I mean kill me.

[Verse 3]

(I know)

it's solely my fault, my way of bein' me.  
My heinous part has a plea 'n' you'll see  
Ev'rybody takes their chance, they flee.  
Maybe I should've drowned in the sea.

[Solo]

[Pre-Chorus]

I can't trust nor be loved, only ache,  
life and love are torturing me til I break.

[Chorus]

It's drivin' me hella insane  
to know love is fuckin' pain.  
There's nothing to gain.  
Suffocating in the rain.

[Chorus]

It's drivin' me hella insane  
to know love is fuckin' pain.  
There's nothing to gain.  
Suffocating in the rain.

[Post-Chorus]

I stare in the mirror, no change, I'm still me  
Look into my eyes, thrill me – I mean kill me.

[Post-Chorus]

I stare in the mirror, no change, I'm still me  
Look into my eyes, thrill me – I mean kill me.

## Hate

[Intro]  
(Hate)

[Verse 1]  
Pressure's loadin', urgent release.  
Your chances to get away cease.  
You don't need to know why  
you're gonna die – not gon' lie.

[Chorus]  
I'm gripped by insane, fierce hate,  
I cannot maintain that boiling raid.  
See my rage, my ugly trait.  
Watch me flake while I fade.

[Post-Chorus]  
Aggression rumbles, 'til the earth quakes.  
My poisoned tongue talks, the devil awakes.  
I'll jump off the edge, they took my pride.  
I'll come for ya — or me. We cannot hide.

[Verse 2]  
The devil proudly whispers 'bout  
(Rage)  
And it fuels my lungs 'til I shout.  
(Hate)  
God's ashamed – I've got no doubt.  
Disgusted by me, he screams aloud.

[Chorus]  
I'm gripped by insane, fierce hate,  
I cannot maintain that boiling raid.  
See my rage, my ugly trait.  
Watch me flake while I fade.

[Post-Chorus]  
Aggression rumbles, 'til the earth quakes.  
My poisoned tongue talks, the devil awakes.  
I'll jump off the edge, they took my pride.  
I'll come for ya — or me. We cannot hide.

[Solo]

[Bridge]

(Yeah, by God I'm damned)  
(and from the devil banned)  
I'm not welcome in heaven, bounced outta hell.  
(Hell's price was my soul but it's dead – can't sell.)  
I'm stuck in between – ignored and God can tell.  
(Heaven judged me guilty – kicked out as well.)

[Chorus]

I'm gripped by insane, fierce hate,  
I cannot maintain that boiling raid.  
See my rage, my ugly trait.  
Watch me flake while I fade.

[Chorus]

I'm gripped by insane, fierce hate,  
I cannot maintain that boiling raid.  
See my rage, my ugly trait.  
Watch me flake while I fade.

[Post-Chorus]

Aggression rumbles, 'til the earth quakes.  
My poisoned tongue talks, the devil awakes.  
I'll jump off the edge, they took my pride.  
I'll come for ya — or me. We cannot hide.

## Worth My Love

[Verse 1]

Life can be hella joyful, life can be fun.  
Though sometimes I feel like I'm done. (Run)  
But I'm tryna make it worth my while.  
I'm on my way – comin' back in style.

[Pre-Chorus]

Life is tempting, weird, bu' hol' up.  
Sometimes hella fast, catch it, yup.

[Chorus]

She told me to go and look ahead.  
And find somebody who brings no dread.  
Who's worth the love I've got to give.  
(Who's worth my love)  
Who's worth my while and lets me live.  
(Who's worth my love)

[Post-Chorus]

Many ain't a fit.  
So don'tcha quit.  
(Somebody worth my love)

[Verse 2]

The higher ya stand tall,  
the more painful the fall.  
But the right one doesn't letcha go.  
Holds ya close and wants ya to glow.  
And if ya fall that one will catch,  
keep ya close, supply a patch.  
(That one'll match)

[Pre-Chorus]

Life is tempting, weird, bu' hol' up.  
Sometimes hella fast, catch it, yup.

[Chorus]

She told me to go and look ahead.  
And find somebody who brings no dread.  
Who's worth the love I've got to give.

(Who's worth my love)  
Who's worth my while and lets me live.  
(Who's worth my love)

[Post-Chorus]  
Many ain't a fit.  
So don'tcha quit.  
(Somebody worth my love)

[Solo]

[Bridge]  
Somebody'll holdcha close.  
(Who's it?) Nobody knows.  
(Lookin' back) None of those.

[Pre-Chorus]  
Life is tempting, weird, bu' hol' up.  
Sometimes hella fast, catch it, yup.

[Chorus]  
She told me to go and look ahead.  
And find somebody who brings no dread.  
Who's worth the love I've got to give.  
(Who's worth my love)  
Who's worth my while and lets me live.  
(Who's worth my love)

[Chorus]  
She told me to go and look ahead.  
And find somebody who brings no dread.  
Who's worth the love I've got to give.  
(Who's worth my love)  
Who's worth my while and lets me live.  
(Who's worth my love)

[Post-Chorus]  
Many ain't a fit.  
So don'tcha quit.  
(Somebody worth my love)

## Judged

[Verse 1]

Before ya even think – prejudice.  
It's society's and ev'rybody's nemesis.

[Pre-Chorus]

Within silence – we're judged (and)  
our names stealthily smudged.

[Chorus]

Hidden deception will arise.  
You're gonna pay your price  
when your worst secrets slice  
ya to shreds – all your lies.  
Secrets locked up, each pries  
at your hidden lock device  
(yeah) while your demon tries  
(to hurt ya, hear your cries)

[Verse 2]

Automatic sorting, found me in section XY.  
Everything found 'bout me is a fuckin' lie.  
(Before ya even think – prejudice.)  
(It's society's and ev'rybody's nemesis.)

[Pre-Chorus]

Within silence – we're judged (and)  
our names stealthily smudged.

[Chorus]

Hidden deception will arise.  
You're gonna pay your price  
when your worst secrets slice  
ya to shreds – all your lies.  
Secrets locked up, each pries  
(at your hidden lock device)  
(yeah) while your demon tries  
(to hurt ya, hear your cries)

[Solo]

[Bridge]

Judged to death.

Take a last breath.

By heaven judged guilty too.

Drinkin' God's poisoned brew.

Descending down to hell.

Not welcome there as well.

[Pre-Chorus]

Within silence – we're judged (and)  
our names stealthily smudged.

[Chorus]

Hidden deception will arise.

You're gonna pay your price  
when your worst secrets slice  
ya to shreds – all your lies.

Secrets locked up, each pries  
at your hidden lock device  
(yeah) while your demon tries

ya to shreds – all your lies.

Secrets locked up, each pries  
at your hidden lock device

[Outro/Pre-Chorus]

Within silence – we're judged (and)  
our names stealthily smudged.

## Grace (Lyrics)

[Verse 1]

Irritation confuses,  
lighters and fuses.  
See the swift shift.  
Float up - on what I lift.  
You look at me trembling, shy.  
You come to me, at least you try.

[Chorus]

It's everybody's chase.  
The chase after grace.  
Apologetic in the best ways.  
Learn to believe – find grace.

[Verse 2]

Within at my deeper core,  
I'll be, might take your sore.  
I won't ignore, hate war, will restore.  
I was here before, to help, I was here for.  
I'm the one you call, ask for, I adore, open my door,  
let you in, now, with me, you see a little more.

[Chorus]

It's everybody's chase.  
The chase after grace.  
Apologetic in the best ways.  
Learn to believe – find grace.

[Verse 3]

The truth is, you never  
see me, never, forever.  
But you'll see what I do,  
it won't be what you expect,  
you'll say that can't be true.  
But you sense what I affect.

[Chorus]

It's everybody's chase.  
The chase after grace.

Apologetic in the best ways.  
Learn to believe – find grace.

[Bridge]

You see the truth, so smooth.  
And you try, some die, you cry..  
Sorrow, sing a dirge - you'll find ruth.  
Now guess and try - Who am I?

[Chorus]

It's everybody's chase.  
The chase after grace.  
Apologetic in the best ways.  
Learn to believe – find grace.

[Outro]

Apologetic in the best ways.  
Learn to believe – find grace.

## Abstract Thoughts (Lyrics)

[Verse 1]

The corner of trophies  
is throwing shade.  
The corner of coffees:  
the way - the great.

[Chorus]

Yeah, life is way too serious.  
Sometimes even mysterious.  
Sometimes abstract thoughts rise.  
And while investigating, sense dies.

[Verse 2]

And what if neptune  
floats through the moon?  
And if coffee was a purple flame?  
Would it be to blame?

[Chorus]

Yeah, life is way too serious.  
Sometimes even mysterious.  
Sometimes abstract thoughts rise.  
And while investigating, sense dies.

[Verse 3]

And it was a shocking truth,  
an inner shift, a move:  
you cannot regain your youth.  
There was no sooth'.

[Chorus]

Yeah, life is way too serious.  
Sometimes even mysterious.  
Sometimes abstract thoughts rise.  
And while investigating, sense dies.

[Outro]

The price goes  
to the shows

of chasing context and sense.  
Looking, staring at it with a lens.

## Stuck (Lyrics)

[Verse 1]

My emotions are cold and frozen,  
Not mine anymore, they are chosen.  
I'm carved stone, stuck, still, still not myself.  
Nobody cares 'bout my petrified mental health.  
I have no anchor, but a lot of inner anger - hate.  
I'm tortured, doused with concrete, hardened,  
and my thoughts spiraled down, darkened.  
Can't move, petrified, inside stone, heavy weight.

[Chorus]

Cannot move cuz I'm stuck.  
Tryna free me - outta luck.  
Cannot flee.  
Can'tcha see.

[Verse 3]

I can't break stone, even if it wasn't warded.  
Darkness - my inner hell emerged and started.  
By my emotions - by my thoughts bombarded.  
From everybody, I am unknown and discarded.  
It drags me down, a shade so dark,  
eats my every flickering inner spark.  
Can barely breathe through that cage.  
Stuck and targeting myself with my rage.

[Chorus]

Cannot move cuz I'm stuck.  
Tryna free me - outta luck.  
Cannot flee.  
Can'tcha see.

[Verse 4]

Everybody punches, kicks of pieces;  
with every kick my pain increases.  
Other laugh 'cause any broken spot;  
nobody cares, seriously, thanks a lot.  
Others ignore, or say they didn't see.  
I'll never break free, never ever me.

In this treacherous domain, drained;  
a blood flood. I was here and shamed.

[Chorus]  
Cannot move cuz I'm stuck.  
Tryna free me – outta luck.  
Cannot flee.  
Can'tcha see.

[Bridge]  
Take me seriously, it hurts, it does, I am in pain.  
Bleeding here until there's no blood left in my vein.  
Nothing really keeps me sane, I'm already insane.  
Locked down, left behind, petrified - held by chain.

[Chorus]  
Cannot move cuz I'm stuck.  
Tryna free me – outta luck.  
Cannot flee.  
Can'tcha see.

## Friends

[Verse 1]

Yep, we're bein' silly together  
and we're rarely deciding whether  
another idea could've been better.  
Yeah, you left me a funny letter.

[Chorus]

Yeah, we're just bein' friends, sure.  
Hella close ones and our lovely cure.  
This sounds weird but makes it pure.  
Yeah, hella close friends for sure.

We rolled our ingredients with dice.  
Our meal's gon' have hella spice.  
You probably wouldn't eat it twice.

## Universe

[Verse 1]

Supernovae make no boom.  
Bursting light til it's gloom.  
And defining another soon.  
It's havin' hella much room.

[Chorus]

It's our wide vast universe,  
onto us a force it'll coerce.  
Pulls us in and blasts us out.  
That's what's chaos 'bout.

[Verse 2]

Galaxies float fast — crash  
and celestial bodies clash.  
Black holes are reapers  
like evil world eaters.

[Chorus]

It's our wide vast universe,  
onto us a force it'll coerce.  
Pulls us in and blasts us out.  
That's what's chaos 'bout.

[Verse 3]

In the night sky, it looks so calm.  
Especially if lying beneath a palm.  
And when you see a star that falls.  
It could've burned down your halls.

[Chorus]

It's our wide vast universe,  
onto us a force it'll coerce.

Pulls us in and blasts us out.  
That's what's chaos 'bout.

[Bridge]  
Hella long expandin'  
and hella longstandin'.

[Chorus]  
It's our wide vast universe,  
onto us a force it'll coerce.  
Pulls us in and blasts us out.  
That's what's chaos 'bout.

[Outro]  
Pulls us in and blasts us out.  
That's what's chaos 'bout.

## Melody of Hope

[Verse 1]

We are floatin' sparks, risin' hella high.  
We're comin' and blowin' the dark sky-high.  
We're not gon' lie.  
Hope's free to try.

[Chorus]

Spread round the globe.  
Share that faith. Light it with this melody of hope.  
(Even if life is scathed right now.)  
Come on.  
Move on.  
Hope's how many have won.  
Wounds of life: be gone.

[Verse 2]

If there's hope then light it up bright.  
Go and show your hella bright light.  
Don't catch fire while optimism takes the crown.  
And is tryna burn all of your sparks of hope down.

[Chorus]

Spread round the globe.  
Share that faith. Light it with this melody of hope.  
(Even if life is scathed right now.)  
Come on.  
Move on.  
Hope's how many have won.  
Wounds of life: be gone.

[Bridge]

Use your hope.  
Cuz hope is dope.

[Chorus]

Spread round the globe.  
Share that faith. Light it with this melody of hope.  
(Even if life is scathed right now.)  
Come on.

Move on.  
Hope's how many have won.  
Wounds of life: be gone.

## **Pawn on the chessboard**

[Chorus]

Cause I'm a pawn on your chessboard  
And your queen's hunting me down  
Yeah, I'm a pawn on your chessboard  
And you keep me ru-ning a round

[Verse 2]

But the pawn's power's kept concealed  
The deceptive guise revealed,  
In the very next step you're mate  
Then, everything's too late  
It was my bait, that's your fate

We came here to say thanks  
But you've arrived with tanks.  
You shot at us.

## Lone Star

[Verse 1]

A lone star brightly races through space.  
Randomly seeing one is a lovely case.  
And you may watch the sky, observe its trace.  
Sometimes we look up, a small light to face.

[Chorus]

A shinin' star lights up the sky.  
Colorin' our sky and gettin' us high.  
A lone star only ever gives its light.  
Makes us believe our future's bright.

[Verse 2]

It's shinin' brightly in the dark.  
Lean against somebody on the bark.  
While you're watchin' it flyin' 'down.  
Yeah, for its beauty it took its crown.

[Chorus]

A shinin' star lights up the sky.  
Colorin' our sky and gettin' us high.  
A lone star only ever gives its light.  
Makes us believe our future's bright.

[Verse 3]

A lone star makes its show  
and uses its hella awesome glow.  
A lone star is partyin' hella fast.  
Only for a moment, barely to grasp.

[Chorus]

A shinin' star lights up the sky.  
Colorin' our sky and gettin' us high.  
A lone star only ever gives its light.  
Makes us believe our future's bright.

[Bridge]

It's comin' in and burnin' quick.  
Hella fast gone like a magic trick.

[Chorus]

A shinin' star lights up the sky.  
Colorin' our sky and gettin' us high.  
A lone star only ever gives its light.  
Makes us believe our future's bright.

[Outro]

Makes us believe our future's bright.

## Shoulda feel good

[Verse 1]

She was here with me – great.  
Thought spiral stops – wait.  
She'll head home soon and can't stay.  
Those thoughts ruined my whole day.

[Chorus]

Yeah, it shoulda felt good.  
But it doesn't like it could.  
And it should feel hella nice.  
Ev'rything nice has a price.  
Yeah, it coulda, shoulda – feel good.  
(But my heart hasn't understood.)

[Verse 2]

And instead of enjoyin' our time.  
Imma spiral down, what a crime.  
Cuz after her hella sweet and awesome kiss.  
Yep, I def know for sure who Imma hella miss.

[Chorus]

Yeah, it shoulda felt good.  
But it doesn't like it could.  
And it should feel hella nice.  
Ev'rything nice has a price.  
Yeah, it coulda, shoulda – feel good.  
(But my heart hasn't understood.)

[Verse 3]

Still, the time with her is GOAT.  
Even if we're chillin' on the road.  
You're comin' close, cuddlin me.  
Feel hella great, don'tcha see?

(But still)

[Chorus]

Yeah, it shoulda felt good.  
But it doesn't like it could.  
And it should feel hella nice.

Ev'rything nice has a price.  
Yeah, it coulda, shoulda – feel good.  
(But my heart hasn't understood.)

[Bridge]  
Thanks for stayin' with me, no matter how far.  
You're my hella lovely and sweet shinin' star.

[Chorus]  
Yeah, it shoulda felt good.  
But it doesn't like it could.  
And it should feel hella nice.  
Ev'rything nice has a price.  
Yeah, it coulda, shoulda – feel good.  
(But my heart hasn't understood.)

## Hella Miss Ya

[Verse 1]

It hasn't been long at all.  
The distance is like a wall.  
It hasn't been long since you've had to go.  
Thinkin' of ya and that's something you know.

[Chorus]

I hella miss ya.  
And ya know it for sure.  
I hella miss ya.  
I know there's no cure.

[Verse 2]

Daydreaming, I haven't got a thing to lose.  
Dreamin' of ya, hearin' the dreamin' blues.  
Without ya my boredom comes back  
hella fast – which, indeed, is kinda whack.

[Chorus]

I hella miss ya.  
And ya know it for sure.  
I hella miss ya.  
I know there's no cure.

[Bridge]

Never missed missin'  
Hella missed kissin'

[Chorus]

I hella miss ya.  
And ya know it for sure.  
I hella miss ya.  
I know there's no cure.

[Chorus]

I hella miss ya.  
And ya know it for sure.  
I hella miss ya.  
I know there's no cure.

## Crucible of Healing

[Verse 1]

You're broken down  
You've lost your crown.  
(In your pain, you drown.)  
Pushed yourself to get back on your feet.  
Gettin' help. You've got wounds to treat.

[Chorus]

You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

[Chorus]

You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

[Verse 2]

You sit and pray  
for a new way.  
Searchin' a melody to soothe.  
Yeah, fightin' through the truth.

[Chorus]

You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

[Chorus]

You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

[Verse 3]

Light that spark. Let us hope for good,  
As hope hella helps y'all like it should.

Let us all believe in love.  
As it can fit like a glove.

[Solo]

[Bridge]  
Searchin' a melody to soothe.  
Yeah, fightin' through the truth.

[Chorus]  
You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

[Chorus]  
You entered the crucible to heal.  
But to heal, you've got pain to feel.  
Nerves of steel – wrong appeal.  
You've got hella wounds to seal.

## Goin' Crazy

[Intro]

(Hella bruise.)

(Random muse.)

Let's go!

[Verse 1]

For a time I've drifted.

But now I'm uplifted.

I drive hella kinetic.

Sometimes it looks frenetic.

[Chorus]

I'm the opposite of lazy.

With y'all, I'm goin' crazy.

But we know: lazy is hazy.

With y'all, I'm goin' crazy.

[Verse 2]

If you ask me wazzup – nothin' bro.

Simply won't keep that momentum slow.

Ey, found 'nother riff, 'nother groove.

Let's see if it bounces – fuckin move.

[Chorus]

I'm the opposite of lazy.

With y'all, I'm goin' crazy.

But we know: lazy is hazy.

With y'all, I'm goin' crazy.

[Verse 3]

We don't need that verse but we want to dance.

We wanna make ya move in a trance with a glance.

Playin' this is hella fun – yeah, the lyric lost its sense.

But it has a groove that's prolly our worst defence.

[Chorus]

I'm the opposite of lazy.

With y'all, I'm goin' crazy.

But we know: lazy is hazy.

With y'all, I'm goin' crazy.

[Chorus]

I'm the opposite of lazy.  
With y'all, I'm goin' crazy.  
But we know: lazy is hazy.  
With y'all, I'm goin' crazy.

[Outro]

Hella groove.  
Fuckin' move.

## Lust, Love, Power

[Intro]

Power summons envy, shrouded.  
Envy births hate, undoubted.  
Hate unites tension, marches.  
Tension comes and discharges.

[Verse 1]

We never want much,  
Tossed of the crutch.  
Only three aspects of life.  
We want and need to thrive.

[Chorus]

Lust, love, and power.  
Ev'rything we want every hour.  
Greed sneaks up, greed will devour.  
People who seek: greed.

[Verse 2]

We all satisfy humanity's lust,  
Greed simply wants it way too much.  
If ya don't get it all, envy is gon' rise,  
While wrath pries and someone dies.

[Chorus]

Lust, love, and power.  
Ev'rything we want every hour.  
Greed sneaks up, greed will devour.  
People who seek: greed.

[Verse 3]

We all want money, it's never enough,  
Many deceive, hurt or get hella rough.  
Power is the deepest wish for control  
But greed's comin', eats every soul.

[Solo]

[Bridge]

Every human is in too deep,

Every sin steals their sleep.  
Greed always wants more.  
We're tryna get it like a chore.

[Chorus]  
Lust, love, and power.  
Ev'rything we want every hour.  
Greed sneaks up, greed will devour.  
People who seek: greed.

[Chorus]  
Lust, love, and power.  
Ev'rything we want every hour.  
Greed sneaks up, greed will devour.  
People who treat and seek: greed.

[Outro]  
Greed, greed, greed.  
Lust, love, and power.

## Sex, Love, Power

[Verse 1]

Your affectionate hex  
makes us have sex.  
Things may get sour  
says tarot's tower.

[Chorus]

Sex, love and power.  
Come with me into the shower.  
Let's have sex, a sexy hour.  
Let's meet in your bower.

[Verse 2]

Let's get naked over there  
there's too open? I don't care.  
The sliding part is best, fair.  
Yep, we're def' a horny pair.

[Chorus]

Sex, love and power.  
Come with me into the shower.  
Let's have sex, a sexy hour.  
Let's meet in your bower.

[Verse 3]

Let's make your pussy drip  
while my dick's gone slip.  
Yep, my sexy gurl, you feel nice,  
you're worth more than any price.

[Chorus]

Sex, love and power.  
Come with me into the shower.  
Let's have sex, a sexy hour.  
Let's meet in your bower.

[Verse 4]

The deadly sin called pride,  
says make your legs go wide.  
And lust simply says you must.

Greed says go, move and thrust.  
Sloth wants cuddles, so let's just –

[Solo]

[Bridge]

And yeah, my boner  
is no more a loner.  
Yeah, feel that pressure.  
Ohh, feel that pleasure.

[Chorus]

Sex, love and power.  
Come with me into the shower.  
Let's have sex, a sexy hour.  
Let's meet in your bower.

[Chorus]

Sex, love and power.  
Come with me into the shower.  
Let's have sex, a sexy hour.  
In your bower, it's ya, Imma devour.
